

I'm writing to  
complain about  
Sinclair  
broadcasting which  
is interfering in  
the upcoming  
Presidential  
election, and asking  
that you take  
immediate action  
against them and  
revoke their  
broadcast license.  
They intend to air a  
political attack  
movie against John  
Kerry just three  
days before the  
election, and they  
are forcing their  
local stations to  
change their  
existing program  
venues to carry  
this.

They claim to be  
doing this under the  
guise of news. They  
also claim to invite  
Kerry for equal time  
to appear  
non-partisan. His  
appearance would  
only justify their  
outrageous claims.

This is the most  
despicable thing I  
can think of right  
before an important  
election. Please for  
the sake of all  
Americans and the  
fair political  
process do not allow  
this to happen.
